Mr. Kevin Shea
TransCanada Turbines
150 Palmer Road N.E.
Calgary, Alberta Canada T2E 7R3

Dear Kevin

I would like to take this opportunity to comment on the exceptional service that we have received from TransCanada Turbines (TCT).

Nissequogue Cogen Partners, (NCP) a Calpine company, has utilized TransCanada Turbines for a total LM 6000 PC SPRINT turbine engine asset exchange purchase, in January 2005. TransCanada Turbines provided this overhauled turbine engine asset to NCP in an expeditious manner. TCT has provided excellent service throughout this turbine engine asset exchange process. TCT has provided exceptional warranty coverage value, to NCP, throughout the entire 2005 calendar year.

I commend TransCanada Turbines for their selfless efforts to both locate and to refurbish a suitable turbine engine exchange asset, for NCP. I further commend TCT for both their exceptional service and their exceptional material support of this turbine engine asset exchange, throughout the past twelve months.

Sincerely

Richard Battaglia
General Manager
Calpine Stony Brook NCP Energy Center
